Exhibitors often ask if purchasing a booth means that they are registered for the conference. You are registered as an exhibitor and may occasionally drop in to hear a speaker when the exhibit hall is not open. If you have associates who plan to attend most of the conference seminars or who are not working your booth, we ask that you please register these associates as attendees through the attendee registration process.

The 2017 Conference Theme is “Unlock Your Inner HR Pirate Treasure”

To make this event more fun and bring people by to visit, please decorate your booth in participation with the theme.
